April 26, 2016

Dear Space Enthusiast:

The **National Space Society** invites you to discover **Space Beyond Borders** at the **International Space Development Conference® 2016** ([isdc.nss.org/2016](http://isdc.nss.org/2016)) this May 18-22 at the Sheraton Puerto Rico Hotel & Casino in San Juan, Puerto Rico.

Imagine for a moment... Tomorrow, for the first time ever, mankind was landing on Mars. *That would be amazing!* Leaping into Space Beyond Earth and landing on another planet will be the most exciting accomplishment of *Our Time*.

The **International Space Development Conference®** is for everyone interested in or involved in all things about Space including Space Exploration, Moon Settlement, Mars Exploration and Settlement, Living in Space, New Discoveries, Innovative Technologies, Commercialization of Space, Asteroid Harvesting, Space Solar Power, Space Tourism, and Space Law and Policy.

Our trip to Space, to the Moon, to Mars, and Beyond is happening NOW!  
Bear witness and be a part of the movement.

Come to Puerto Rico, where the Milky Way shines brightly and the blue Caribbean waters shimmer.

**ISDC® 2016** is where space leaders, astronauts, professionals and the next generation of students convene to examine the technical, scientific, economic, and social challenges and potentials of space exploration.

Do not miss out on this great opportunity and register now at [isdc.nss.org/2016](http://isdc.nss.org/2016).

The **National Space Society** is looking forward to seeing you this May in Puerto Rico.

Sincerely,

Bruce Pittman  
Senior Vice President & Senior Operating Officer  
National Space Society

We welcome,  
**Dr. Alan Stern!**

Principal Investigator, New Horizons  
Mission to Pluto and Beyond
