INTERNATIONAL STUDENTS IN EMERGENCY SITUATIONS

Many of our international students have no family or relatives in Puerto Rico. In any emergency situation (accident, hospitalization, and others) it is important to contact immediately Dr. Frances J. Santiago Torres, PDSO, in charge of the Office of Immigration Affairs.

In the absence of any of the student's family members, Dr. Santiago is the person authorized to receive the pertinent medical information, which is why we are asking professors, department chairs, counselors, classmates, and others for their collaboration in this matter. Please contact Dr. Santiago promptly in these situations so that the matter is tended to properly and the relatives of the student in question may be contacted.

Dr. Santiago's email address is: francesj.santiago@upr.edu .
