

MODULE EVALUATION FORM

DIRECTIONS: Below are a series of ethics modules designed to integrate ethics across the engineering curriculum in accordance with ABET-2000, Criterion 3, f, g and h, and Criterion 4. Assess your exposure to each activity using the following scale:

- | | |
|----------------------|-------------|
| 1 Poor | 4 Good |
| 2 Less than adequate | 5 Excellent |
| 3 Adequate | |

<i>ETHICS INTEGRATION MODULE</i>	1	2	3	4	5
Ethics Integration Exercise: Short Scenario Pre-Test					
Decision-Making in Engineering					
Solution Evaluation Matrices					
Exercise in ranking solutions to decision-making scenarios					
Mountain Terrorist Exercise					
Social Impact Statement (Done in conjunction with major design project)					
Exercise in case dramatization					
Generating Good Will in an Urbanization Without Electricity					
So, You Want To Be Sued?
