Candidates Develop Understanding of
Learners and Learning (InTASC Standard 1) Transition Point 1 Addendum
The three key learner and learning courses required for all Teacher Preparation Program teacher candidates are:
EDFU 3001 - Human Growth and Development I
EDFU 3002 - Human Growth and Development II
EDES 4006 - Seminar on the Nature and Needs of Exceptional Children
The syllabi for the three courses may be found in the addendum document, TPP Learner and Learning course syllabi, as well as on the EPP website at http://uprm.edu/p/eppcaep/syllabi with the syllabi for all Teacher Preparation Program courses. The syllabi align course objectives with InTASC Standards.
The following table shows the average GPA in the three key learner and learning courses of Teacher Preparation Program teacher candidates completing teaching practice over the past three academic years in teaching areas other than Physical Education or Agricultural Education. The latter were provided in the original 1.1.5a.
