everis is a $750M multinational consulting firm offering Management, IT and Software Development consulting services, as well as outsourcing solutions. We have more than 15 years of experience in international markets. We specialize in banking, telecommunications, public administration, healthcare, utilities, and insurance. Currently, everis has operations in Europe, Latin America and the United States, with a professional staff of more than 12,000 consultants globally.

everis USA Inc. is looking for high-achieving team players that are quickly adaptable to new challenges and entrepreneurial ventures. All accepted applicants will be part of our consulting team engaged in interacting with our Clients. Activities related to IT Strategy, IT Management, Software Development and Deployment, Business Strategy, Business Consulting, and Process Reengineering are the most common within our projects. Because roles and responsibilities change with little notice, as they do with any high-paced consulting companies, candidates must have desire to learn, research and be flexible enough to work in a diverse environment. They must also have strong analytical and problem solving skills.

Though we have projects around the world, these positions will be in Birmingham, AL; Reston, VA or Boston, MA.
