Aric Obrosey

*Paper Work Glove, Recto Verso*

Requires: 2 double-sided sheets
TO MAKE A PAPER WORK GLOVE

1. Trace the cut-out stippled patterns on the dotted lines. Use an X-Acto knife and a straight edge. Use a needle tool to curl the scored lines. Use a bone folder to crease the scored lines.

2. Punch out the dots with a 3/16" hole punch.

3. Lightly score the dotted lines for folding.

NOTE: Some pieces are smaller than others. You will need to cut them out with a ruler and a steady hand.
NOTE: When assembling the cuff, holes #15, #16, #17, and #18, bend cuff like this.
