Topics Discussed:

Accreditation New Standards: The committee discussed the latest accreditation standards and their implications for the UPRM EPP. This included an overview of the new standards and how they align with the department's mission and goals.

Role of Each Member: The roles and responsibilities of each committee member in the accreditation process were clarified. This discussion ensured that every member understood their specific contributions to the accreditation process.

Important Dates: The committee reviewed and confirmed crucial dates and deadlines related to the accreditation process to ensure that they are met in a timely and efficient manner.

Decisions:

- Meeting Frequency:** The committee decided to meet more frequently to ensure active participation from all members. This decision was made to facilitate ongoing discussions and progress tracking.
- Informing Absent Members:** A decision was reached to proactively inform members who could not attend the meetings about the progress and details of the accreditation process within the UPRM EPP.
- Curriculum Enhancement:** The committee decided to plan curriculum meetings aimed at adding new strategies for managing diverse students who have faced catastrophic events such as hurricanes, earthquakes, and the ongoing pandemic. This proactive approach aims to address the unique challenges these students may encounter and to enhance the curriculum accordingly.

This meeting and its agenda demonstrate the proactive and collaborative efforts of the Accreditation Advisory Committee to address the new accreditation standards and ensure the department's alignment with these standards, while also actively engaging in curriculum development and strategies for supporting students in challenging circumstances.
