

Full Time, Part Time and Internship Immediate Opportunities Available  
**FRONT END DEVELOPER – Rincón, PR**

**About the Opportunity:**

We are looking for a highly passionate entry-level developer to join our progressive team. Our open office is located in Rincón, PR and you will be working with various business functions to make a direct impact on our organization. This is a rare opportunity to touch all aspects of our technical program which includes working on our ecommerce website, CRM platform, 3rd party applications, and to help create what is yet to come. You will see the immediate impact you will have on the overall business strategy, and this may lead to a full time position after graduation.

Requirements include having working knowledge with coding languages PHP, JS, JQuery, HTML, and CSS.

Experience with the Magento Open Source Platform, API's, SQL, Python, and JS Frameworks Angular, Node.js is a plus.

**Hourly Rates start at:**

- \$12 / hour - part time and Internship
- \$17 / hour - full time

**Apply by emailing [matthew.kuratomi@mdfinstruments.com](mailto:matthew.kuratomi@mdfinstruments.com)**

**About MDF Instruments**

MDF Instruments is a US-based, branded boutique manufacturer of medical instruments such as stethoscopes, sphygmomanometers, and neurological hammers. We have been manufacturing since 1971 and have distributions in over 88 countries.

We are also proud to mention that we are the official long-term supplier of medical instruments to well-known NGOs and world health organizations. And more importantly we are also the major supporter to many less-known medical missions that are improving the lives of people around the world - one afflicted child, one struggling family, one rural village, and one underserved neighborhood at a time. We are Crafting Wellness.
