### INTRODUCTION

The University of Puerto Rico at Mayagüez is currently searching for applicants to teach and perform research in the area of industrial biotechnology.

### MINIMUM REQUIREMENTS

A doctorate degree in biology, chemistry, biotechnology or related areas awarded, prior to appointment, by an accredited university. Teaching and research experience biotechnology. Experience in the biotech industry is desirable. Oral and written proficiency in Spanish and English

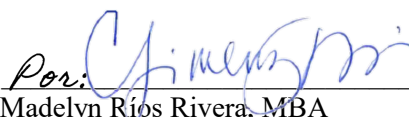

### JOB DESCRIPTION AND DUTIES

The successful candidate is expected to lead the Industrial Biotechnology Learning Center (IBLC); to teach courses at the undergraduate level in the Industrial Biotechnology Program; to develop new courses; to mentor research students at the undergraduate level; to develop an independent research program supported by external funds and support the areas of interest of the Program in potential areas of specialization such as protein purification, gene expression, downstream processes, translational research, metabolic engineering, drug design among others. This will be a Tenure Track Assistant Professor position in the College of Arts and Sciences, beginning on July 1, 2023.

### HOW TO APPLY

Candidates should send their curriculum vitae, cover letter with research and teaching plans, a list of at least three(3) recent publications in the area and three (3) letters of reference from peers in the professional area (sent separately). Send all documents in PDF format to:
