**AMENDMENT
JOB ANNOUNCEMENT**

Announcement Number : 22-12
Position Title : Assistant Professor
Annual Salary : \$70,548.00
Location of Position : University of Puerto Rico
Mayaguez Campus
Department of Chemical Engineering
Opening Date : September 9, 2022
Closing Date : April 30, 2023

INTRODUCTION

The University of Puerto Rico at Mayagüez is currently searching for applicants for research and education in Chemical Engineering and related subject areas.

MINIMUM REQUIREMENTS

Applicants must have a Doctor in Philosophy degree in Chemical Engineering or related discipline from an accredited institution. Ability to work in a multidisciplinary environment is highly desirable. This position will support research endeavors with expertise in the development and characterization of biomaterials for sensors and electrochemistry applications. Outstanding candidates with expertise in science and engineering of polymeric materials for biological applications are sought. Bilingualism (Spanish/English) would be considered a valued skill.

JOB DESCRIPTION AND DUTIES

Successful applicants are expected to develop nationally recognized externally-funded research programs, must be committed to excellence in undergraduate and graduate teaching, and to contribute to other departmental initiatives.

HOW TO APPLY

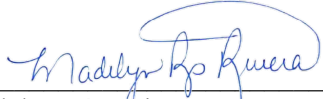

Interested candidates must send their curriculum vitae, undergraduate and graduate transcripts, detailed research and teaching plans, copies of relevant scientific publications, a list of at least three (3) professional references in the area and three (3) professional recommendation letters, to:
