JOB ANNOUNCEMENT

Announcement Number : 25-19
Position Title : Assistant Professor
Annual Salary : \$62,256.00
Location of Position : University of Puerto Rico
Mayagüez Campus
Department of Marine Sciences

Opening Date : May 9, 2025
Closing Date : July 15, 2025

INTRODUCTION

The University of Puerto Rico at Mayagüez Campus is currently searching for an Assistant Professor (tenure-track) in **Physical Oceanography** to contribute to research and education within the interdisciplinary Department of Marine Sciences. Candidates with expertise in **coastal processes, shelf-scale processes or open-ocean research are encouraged to apply**. We are particularly interested in individuals with a strong background in modern **Physical Oceanography techniques, coastal ocean modelling, physical drivers of tropical ecosystems, marine engineering** as it is related to physical oceanographic processes, and **use of AI and applications** with industrial or socio-economic relevance.

MINIMUM REQUIREMENTS

Applicants must have a Ph. D. from an accredited institution or its equivalent by date of hire. Postdoc experience is desired. This position will support research endeavors with expertise in the areas of physical, biological, geological and chemical oceanography. Applicants must provide a record of scientific research publications in **Physical Oceanography** or related fields, which indicates the candidate's potential to establish and maintain a productive research program. Bilingualism (Spanish/English) would be considered a valued skill.

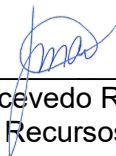

JOB DESCRIPTION

The chosen candidate will have a regular academic load equal to 12 credits per semester, including teaching, research, and institutional services. The candidate must be committed to excellence in teaching at the graduate level, including the creation of new courses, when necessary. The ability to work within a multidisciplinary environment is highly desired. The successful candidate is expected to actively pursue external funding to support her/his research activities and laboratory improvements. The candidate will also develop a competitive research program in the area of specialization, publish original research in specialized peer-review journals, advise graduate students, and participate in other departmental and institutional activities and committees.

HOW TO APPLY

Interested applicants should send a letter with a statement of research and teaching interests, representative reprints of major publications, a curriculum vitae, and three (3) peer reference letters to: cima@uprm.edu
