CAMPUS RESOURCES:

General Library and Nursing Department Study Room is available to obtain professor’s reference materials. The University’s Counseling Office has a tutorial program for students who need extra help. The Nursing Computer Center allows students to retrieve information from the Internet, as well as to transcribe course requirements. The AV Center and Close Circuit Center holds a variety of movies, filmstrips and other materials to complement student’s presentations as well as professor’s lectures.

INSTRUCTIONAL STRATEGIES:

Lectures, demonstrations, school laboratory practice, case studies, audiovisual materials, modules, study questions, fieldtrips required and recommended reading, written nursing process and clinical laboratory experiences and pre and post conferences are some of the instructional strategies used in this course.

EVALUATION STRATEGIES:

- Module .................................................................................................................. 10%
- 1st Test ................................................................................................................ 10%
- 2nd Test .............................................................................................................. 10%
- 3rd Test .............................................................................................................. 10%
- Final Exam ......................................................................................................... 10%
- Special Assignments - Posology & IV drip calculation .................................... 5%
- Laboratory ........................................................................................................ 30%
- Nursing Process (2) .......................................................................................... 10%
- GPS ..................................................................................................................... 5%

Total .......................................................... 100%

*Tentative: Evaluation requirements are subject to change according to the particular needs of the semester. (When in need other requirements such as quizzes, oral presentations and others might be added based upon the criteria of the professors teaching the course).

GRADING SYSTEM:

Grades will be awarded as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
<th>Percentage</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>100% - 90%</td>
<td>4.0 - 3.01</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>89% - 80%</td>
<td>3.0 - 2.01</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>79% - 70%</td>
<td>2.0 - 1.01</td>
</tr>
<tr>
<td>D</td>
<td>Deficient</td>
<td>69% - 60%</td>
<td>1.0 - .99</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>59% - 0%</td>
<td>&lt; .99</td>
</tr>
<tr>
<td>W</td>
<td>Authorized withdrawal</td>
<td></td>
<td></td>
