College of Engineering

Undergraduate Program Enrollment and Degree Data (2015-2019) for College of Engineering Programs

Updated on January 2020

Introduction

This document provides a tabular and graphical overview of student enrollment and degrees conferred for the College of Engineering programs. Graphs present a six year summary (2014-2019) for nine undergraduate programs offered by the College of Engineering. Tables provide detailed information for undergraduate students by enrollment type (FT=Full Time or PT=Part Time) and year of study. Also, tables include totals for graduate student enrollment and number of graduate degrees awarded by year.

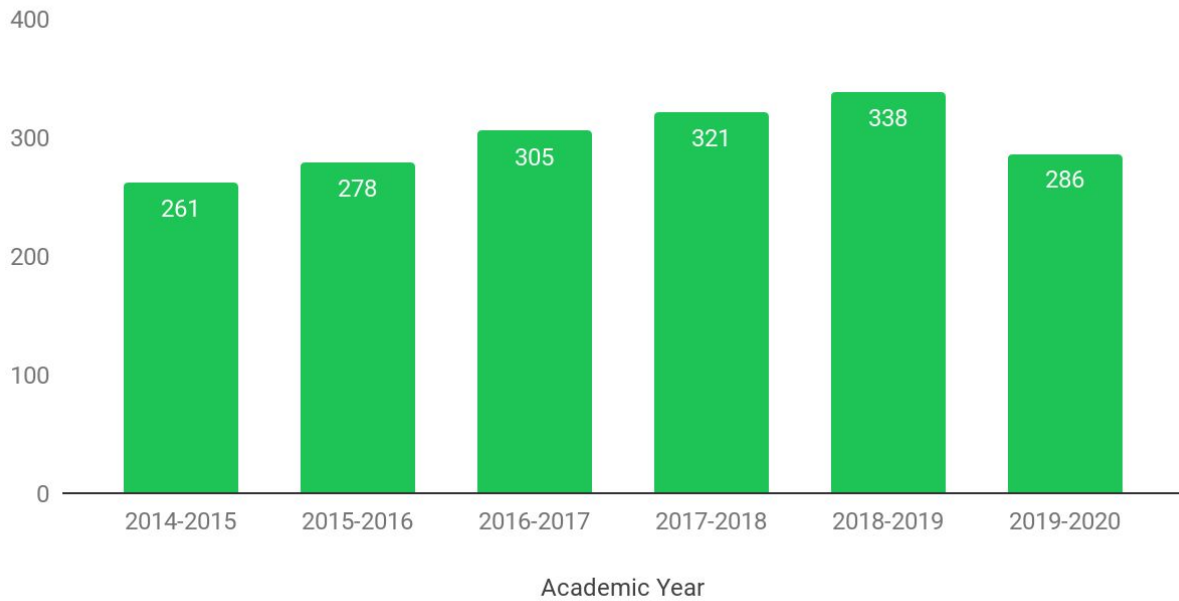

The information provided in this report was obtained from the Office of Planning, Research and Institutional Improvement (OPIMI). Real time data and additional statistics for the college of engineering programs is available at the Office of Accreditation, Assessment and Continuous Improvement for the College of Engineering (<https://www.uprm.edu/engineering/assessment/>).

The table below has links to facilitate navigating this document.

Bachelor of Sciences in Surveying and Topography	3
Bachelor of Sciences in Civil Engineering	5
Bachelor of Sciences in Electrical Engineering	7
Bachelor of Sciences in Industrial Engineering	9
Bachelor of Sciences in Mechanical Engineering	11
Bachelor of Sciences in Chemical Engineering	13
Bachelor of Sciences in Computer Engineering	14
Bachelor of Science in Computer Sciences and Engineering	16
Bachelor of Science in Software Engineering	18
References	20

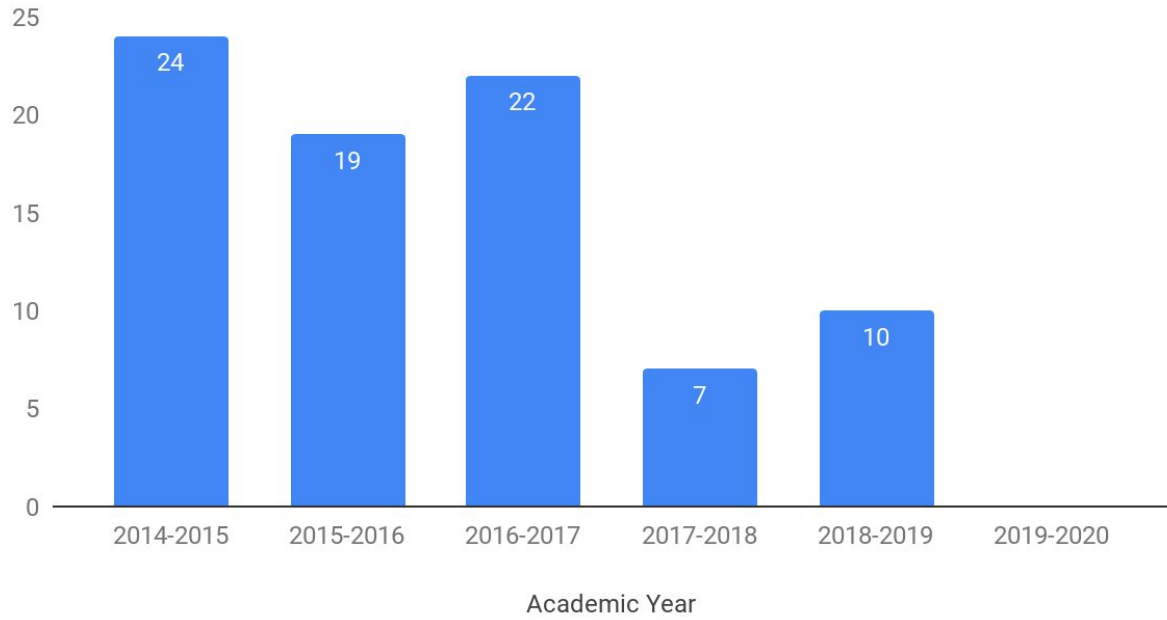

Bachelor of Sciences in Surveying and Topography

Surveying and Topography Total Program Enrollment
