

Civil Engineering Program – Quick Survey

B *I* U ↺ ✕

The Accreditation Board for Engineering and Technology (ABET) requires that the Program Educational Objectives (PEO's) for any accredited engineering program be periodically reviewed to ensure that they remain consistent with the institution's mission, constituents' needs, and ABET accreditation criteria.

Program Educational Objectives are defined as *"Broad statements that describe what graduates are expected to attain during the first few (5-6) years after graduation"*. The UPRM Civil Engineering and Surveying program established and adopted the following PEO's:

1. Graduates will meet the expectations of employers of Civil Engineers & Surveyors.
2. Qualified graduates will pursue advanced studies if they so desire.
3. Graduates will assume/undertake leadership roles in their communities, as well as in their profession.

As part of our periodic review of PEO's, we would like to know your opinion about them:

1. Are you in general agreement with our PEO's as stated? *

☐ Yes

☐ No

2. If you are not in agreement with our PEO's as stated, please enter recommendation here:

Long answer text

3. Which of the following best describes you? Select all that apply *

☐ Student

☐ Faculty

☐ Alumni

☐ Employer

☐ Other...
