Bachelor of Science in Mechanical Engineering

Course Syllabus

1. General Information: Alpha-numeric codification: INME 4065 Course Title: Product Design Number of credits: 3 Contact Period: Three hours of lecture per week
2. Course Description: English: Factors affecting a product design: composition, cost, reliability, quality, maintainability, manufacturability, and aesthetics. These factors are applied in a project design. Spanish: Factores que afectan el diseño de un producto: composición física, costo, confiabilidad, calidad, facilidad de mantenimiento, facilidad de manufactura y estética. Estos factores se aplican en un proyecto de diseño.
3. Pre/Co-requisites and other requirements: Prerequisites: Authorization of the Director of the Department
4. Course Objectives: Students should be able to design the functional part of a product and develop a prototype that addresses the user needs. The students should be able at the end of the course to: <ul style="list-style-type: none">● Translate market research into product specifications● Generate product specifications● Implement a design for manufacturability technique● Implement a design for humans and safety technique● Implement a design for aesthetics technique● Implement a design for cost technique● Implement a design for reliability and service technique● Implement a design for quality technique● Implement a design for legal requirements technique● Design various functional prototypes through the semester● Defend prototype technical feasibility at the end of the course● Create design reviews and present them

6. Minimum or Required Resources Available: Materials, equipment, and physical facilities needed to fulfill the course objectives.

7. Course time frame and thematic outline

General Topics	Contact Hours
Development Processes and Organizations	2
Identifying Customer Needs	2
Product Specifications	2
Concept Generation	2
Concept Selection	2
Patents and Intellectual Property	2
Prototyping	2
Concept Testing	2
Industrial Design	2
Design for Environment	2
Design for Manufacturing	2
Build Prototype, Concept Testing and Iterate	2
Product Design Review Presentation	2
Build Prototype, Concept Testing and Iterate	2
Product Design Review Presentation	2
Build Prototype, Concept Testing and Iterate	2
Product Design Review Presentation	2
Build Prototype, Concept Testing and Iterate	2
Product Design Review Presentation	2
Build Prototype, Concept Testing and Iterate	2
Final Working Prototype Test	6
Final Exam	3
Total hours: (equivalent to contact period)	45

8. Grading System

Quantifiable (letters) Not Quantifiable

9. Evaluation Strategies

11. Law 51: The Comprehensive Educational Services Act for People with Disabilities:

States that after identifying with the instructor and the institution, the student with disabilities will receive reasonable accommodation in their courses and evaluations. For more information, contact the Department of Counseling and Psychological services at the Office of the Dean of Students (Office DE 21) or call 787-265-3864 or 787-832-4040 x 3772, 2040 and 3864.

12. Academic Integrity

The University of Puerto Rico promotes the highest standards of academic and scientific integrity. Article 6.2 of the UPR Students General Bylaws (Board of Trustees Certification 13, 2009-2010) states that academic dishonesty includes, but is not limited to: fraudulent actions; obtaining grades or academic degrees by false or fraudulent simulations; copying the whole or part of the academic work of another person; plagiarizing totally or partially the work of another person; copying all or part of another person answers to the questions of an oral or written exam by taking or getting someone else to take the exam on his/her behalf; as well as enabling and facilitating another person to perform the aforementioned behavior. Any of these behaviors will be subject to disciplinary action in accordance with the disciplinary procedure laid down in the UPR Students General Bylaws.—

13. Certification 06-43 of the Academic Senate

"The academic guidelines for offering online courses," defines: Traditional face-to-face courses are those that have less than 25% of the course's regular contact hours via the Internet. Therefore, a three-credit course will be considered "face to face" if, of the 45 hours of regular contact, 11 or less are taught via the Internet. According to certification 06-43 of the Academic Senate, a course may include up to 25% of its total contact hours via the Internet. The objective of this is so that all professors have this alternative in the case of any unscheduled eventuality.

14. Sexual Harassment: Certification 130-2014-2015 states:

Sexual harassment in the workplace and in the study environment is an illegal and discriminatory act and is against the best interests of the University of Puerto Rico. All persons who understand they have been subject to acts of sexual harassment at the University of Puerto Rico may file a complaint and request that the institution investigate, where necessary, and assume the corresponding action by the university authorities. If the complainant is a student, he or she must refer his or her complaint to the Office of the Student Ombudsperson or that of the Dean of Students.
