1. **General Information:**
   - Alpha-numeric codification: INME 6002
   - Course Title: Advanced Thermodynamics
   - Number of credits: 3
   - Contact Period: Three hours of lecture per week

2. **Course Description:**
   - English: Advanced applications of thermodynamics to energy systems; chemical reaction kinetics; combustion; modeling of intermolecular forces and transport properties; solid phase thermodynamics.
   - Spanish: Aplicaciones avanzadas de la termodinámica relacionadas con sistemas de energía, la cinética química, combustión; modelaje de fuerzas intermoleculares y propiedades de transporte; termodinámica del estado sólido.

3. **Pre/Co-requisites and other requirements:**
   - Prerequisites: INME 6001 or Authorization of the Director of the Department.

4. **Course Objectives:**
   - Analyzing electrochemical and combustion systems;
   - Implementing statistical thermodynamics to model thermal properties.

5. **Instructional Strategies:**
   - Conference ✔ Discussion ☐ Computation ☐ Laboratory ☐
   - Seminar with formal presentation ☐ Seminar without formal presentation ☐ Workshop ☐
   - Art workshop ☐ Practice ☐ Trip ☐ Thesis ☐ Special problems ☐ Tutoring ☐
   - Research ☐ Other, please specify: Presentations

6. **Minimum or Required Resources Available:**
   - Classroom, projector

7. **Course time frame and thematic outline**

**TOTAL:** 100%

10. **Bibliography:**

**Textbook:**

**Other resources:**

**These books are key classic references and remain as the top books for the subjects covered in the course and there are no up-to-date textbooks to substitute these books.**

11. **Law 51: The Comprehensive Educational Services Act for People with Disabilities:**
States that after identifying with the instructor and the institution, the student with disabilities will receive reasonable accommodation in their courses and evaluations. For more information, contact the Department of Counseling and Psychological services at the Office of the Dean of Students (Office DE 21) or call 787-265-3864 or 787-832-4040 x 3772, 2040 and 3864.

12. **Academic Integrity**
The University of Puerto Rico promotes the highest standards of academic and scientific integrity. Article 6.2 of the UPR Students General Bylaws (Board of Trustees Certification 13, 2009-2010) states that academic dishonesty includes, but is not limited to: fraudulent actions; obtaining grades or academic degrees by false or fraudulent simulations; copying the whole or part of the academic work of another person; plagiarizing totally or partially the work of another person; copying all or part of another person answers to the questions of an oral or written exam by taking or getting someone else to take the exam on his/her behalf; as well as enabling and facilitating another person to perform the aforementioned behavior. Any of these behaviors
will be subject to disciplinary action in accordance with the disciplinary procedure laid down in the UPR Students General Bylaws.

13. Certification 06-43 of the Academic Senate
"The academic guidelines for offering online courses," defines: Traditional face-to-face courses are those that have less than 25% of the course's regular contact hours via the Internet. Therefore, a three-credit course will be considered "face to face" if, of the 45 hours of regular contact, 11 or less are taught via the Internet. According to certification 06-43 of the Academic Senate, a course may include up to 25% of its total contact hours via the Internet. The objective of this is so that all professors have this alternative in the case of any unscheduled eventuality.

14. Sexual Harassment: Certification 130-2014-2015 states:
Sexual harassment in the workplace and in the study environment is an illegal and discriminatory act and is against the best interests of the University of Puerto Rico. All persons who understand they have been subject to acts of sexual harassment at the University of Puerto Rico may file a complaint and request that the institution investigate, where necessary, and assume the corresponding action by the university authorities. If the complainant is a student, he or she must refer his or her complaint to the Office of the Student Ombudsperson or that of the Dean of Students.

Revised: February, 2019
