

**RESEARCH / INTERNSHIP  
ALTERNATIVES EVALUATION CHART**

**POINTS**

**TOPICS (at least 1)**

- Assessment of infrastructure vulnerability
- Coastal Resiliency
- Disaster preparedness
- Disaster response and recovery
- Emergency Infrastructure Projects
- Emerging materials (sustainable/ resilient)
- Life-cycle costs
- Microgrids
- Renewable Energy
- Resiliency in logistics for infrastructure
- Infrastructure project delivery
- Retrofitting
- Social Sustainability

**PROFESSIONAL FIELD (at least 2)**

- Architecture
- Civil Engineering
- Electrical Engineering
- Social and community fields
- Surveying

**LENGTH / DURATION (at least 1)**

45 hours or more

--

**TOTAL POINTS (at least 4 points total)**

--
